

Biography

Tony Chihill

Director of Engineering & Quality

Tony Chihill is the Director of Engineering and Quality at SSP. He is responsible for product design and development, engineering support for distributors and end users, and product quality control.

Tony has over 20 years of Engineering and Quality experience in multiple industries, with a heavy concentration in Instrumentation/Industrial Valves and Fittings. Tony is driven by providing high quality products to customers, continuous improvement throughout the organization, and developing an environment for innovation and collaboration.

He is a member of the American Society of Mechanical Engineers (ASME) and ASM International.

Tony is a graduate of the University of Dayton, where he earned his Bachelor of Science in Mechanical Engineering. In his free time, he watches or participates in sports activities, works on home projects, or enjoys time with family and friends.
